this great
opportunity .
Stay tuned in for
the dates we still
working all of the
details out.
Hope you ca join
us

Two-day seminars In various Salons throughout Kenya direct from Head Designs Salon from the U.S.A. Displaying the latest techniques in texturizers, relaxers, haircutting and hair color. Bringing breakthrough technology in advanced hair repair and hair care. With 50 years of combined experience the Head Designs team are trained in all hair types and textures. Seminars will focus on top of the line products to promote healthy hair growth and current trends in relaxers and texturizing as well as contemporary cuts and styles, with an emphasis on natural hair without weaves or extensions. Head Designs is proudly returning to Kenya after 12 years of continued growth and development in the hair care industry to share their knowledge and expertise in this great time of Obama.
